the many artists and friends who helped  
make this exhibition possible

Thank you.

# Women's History

March 2018

# Welcome

to our celebration of Women's History Month. The Library of Congress, National Archives and Records Administration, National Endowment for the Humanities, National Gallery of Art, National Park Service, Smithsonian Institution join in commemorating and encouraging the study, observance and celebration of the vital role of women in American history. We will focus primarily on the artistic contribution women have made in America, and share with our community examples from around the country. We hope you will find time to visit the art exhibition and attend the programs and films throughout the month of March. Thank you for coming.

Margaret Martinkus  
Dana Collins
